

Attendance Procedures

Rationale

Regular attendance at school is essential if students are to maximise learning opportunities, achieve their potential and increase their career and life options. School staff record and monitor part and whole day absences of students as part of their duty of care. Supporting positive school attendance is a shared responsibility between the school, parents/care givers and the student. Parents are legally responsible for the regular attendance of their children.

This document should be read in conjunction with the [School Attendance Policy](#) and [Attendance Matters Website](#).

Responsibilities

School:

The school will support the regular attendance of students through:

- providing safe and engaging learning environments that encourage and support student attendance
- teaching staff contacting parents/care givers within 2 days of a student absence where notification for the absence has not been provided (after 7 days an absence will be recorded as unexplained)
 - contact will be made via either phone or through sending home a "Parent/Carer Explanation for Absence" form (Appendix 4)
- maintaining daily accurate records of student attendance. Teachers, supported by School Learning and Support Officers, will record attendance using EBS, and effective roll marking procedures will be implemented when variation to normal school routine occurs
- monitoring and analysis of student attendance and attendance patterns by school executive and the Learning Support Team
- the implementation of programs and practices to address attendance issues where necessary
- staff provision of ongoing clear information to students and parents regarding attendance requirements and consequences of unsatisfactory attendance, including where relevant identifying patterns of concern. This will be done through meetings, face to face discussions or via email and phone communication, involving contact from teachers or executive
- ensuring school staff are provided with information on attendance requirements and their obligation to monitor and promote regular attendance at school. These processes will be reviewed annually

Any matter relating to school attendance where safety, welfare or wellbeing concerns arise for a student, consideration will be given to the requirements of the Protecting and Supporting Children and Young People Policy, and all required reports are made to the Community Services Child Protection Helpline, or contact made with the Child Wellbeing Unit (as required by the Mandatory Reporter Guide).

Parents:

It is a legal requirement that the parent/guardian of a child of compulsory school-age ensures their child is enrolled at and attends school up until the age of 17. Parents/caregivers will work in partnership with the school by ensuring:

- students **arrive by 9.00am** each school day. For late arrival (after 9am) or early leave (before 2:25pm) please contact class teacher or the school office with a reasonable explanation and to sign your child in or out
- student absences are explained promptly and within seven school days. Provide medical certificates when frequent or ongoing absences are explained as being due to illness. Where possible, please inform the school prior to a known absence. Communication can be made through a note, email, or telephone call

- they work with school to resolve attendance issues that may arise and support any interventions that have been put in place to support the welfare of the student

Home School Liaison Officer:

If regular student absences occur or continue to be unexplained, a referral may be made to a Department of Education Home School Liaison Officer (HSLO). The role of a HSLO is to work with families to ensure attendance remains at an acceptable level and in extreme circumstances, this may result in legal consequences for parents/carers.

Supporting Attendance

As a School for Specific Purposes, our approach to supporting attendance is on a case-by-case basis involving the student's multi-disciplinary team. The school's Learning and Support Team, and teaching staff, in partnership with parents/caregivers, will identify and implement strategies that address the learning and support needs of a student with attendance patterns of concern. According to student needs, this includes:

- student case meetings
- PLSP review meetings
- referral to the Learning Support Team

Exemption from School

If your child will be absent from school for a period of time due to hospitalisation, family circumstances or travel, the parent/carers must contact the school and complete an *Exemption from School* form, providing original supporting documentation as required. If supported, the exemption will be approved by the school principal and/or the school director. *This process must occur prior to the event.*
