Leadership Procedure

School Leadership Procedure

School life provides many opportunities for young people to develop leadership and representation skills.

Student leadership provides important benefits for individual students and schools. Student leaders have the potential to influence the school environment and the behaviour of their fellow students by becoming advocates for positive change in the school community.

At Lucas Gardens School, students have a variety of ways to become leaders within the school setting. The school encourages these leadership roles to be shared amongst the student body and such roles include:

- Class Leaders
- Library Monitors
- Sports/House Captains
- Year 12 School Captains
- SRC (Student Representative Council) Members.

The principles we advocate at Lucas Gardens School are:

- All students have the potential to develop leadership skills.
- Students will be encouraged to apply leadership skills to strengthen the school community and the communities in which they live.
- Leadership programs build students' confidence as they know their views are important to staff and peers.

SRC Pledge

We, as the Student Representative Council and Leaders of Lucas Gardens School, promise to promote the school and to make decisions that will improve the school and its environment.
